Another Literary Classic,
Remixed and Remastered for Today's Readers

Android Karenina

by Leo Tolstoy and Ben H. Winters

Sense and Sensibility and *Sea Monsters* co-author Ben H. Winters is back with an all-new collaborator, legendary Russian novelist Leo Tolstoy, and the result is *Android Karenina*—an enhanced edition of the classic love story set in a dystopian world of robots, cyborgs, and interstellar space travel.

As in the original novel, our story follows two relationships: The tragic adulterous love affair of Anna Karenina and Count Alexei Vronsky, and the more hopeful marriage of Nikolai Levin and Princess Kitty Shcherbatskaya. These characters live in a steampunk-inspired world of robotic butlers, clumsy automatons, and rudimentary mechanical devices. But when these copper-plated machines begin to revolt against their human masters, our characters must fight back using state-of-the-art 19th-century technology—and a sleek new model of ultra-human cyborgs like nothing the world has ever seen.

Filled with the same blend of romance, drama, and fantasy that made the first two Quirk Classics *New York Times* best sellers, *Android Karenina* brings this celebrated series into the exciting world of science fiction.

LEO TOLSTOY wrote two of the greatest novels in world literature: *War and Peace* and *Anna Karenina*. **BEN H. WINTERS** is coauthor of *Sense and Sensibility and Sea Monsters*, which was hailed by *The Onion A.V. Club* as a “sheer delight” and by *Library Journal* as “strangely entertaining, like a Weird Al version of an opera aria.” Mr. Winters lives in Brooklyn.

The Critics Love Ben H. Winters's *Sense and Sensibility and Sea Monsters!*

“The effect is strangely entertaining, like a Weird Al version of an opera aria, and Eugene Smith’s amusing illustrations add an extra touch of bizarre hilarity.”

—*Library Journal*

“Quirk commissioned Ben H. Winters to punch up Jane Austen’s *Sense and Sensibility* with man-eating beasts from the briny deep. And once again, to the consternation of purists everywhere, the result is sheer delight.”

—*The Onion A.V. Club*

“It’s a monsterpiece.”

—*Real Simple*

“While preserving the clever dialogue and nuanced love story that drive *Sense and Sensibility*, Winters skillfully overlays the horror elements, producing another bizarre hybrid that will appeal to the same cult Austen audience as *Zombies*.”

—*Booklist*

Bloody Good Sales and Marketing Campaign

- On-going promotion of Quirk Classics Series
- \$100,000 marketing campaign
- Announced 200,000-copy first printing
- Advanced reader galley
- *Android Karenina* online book trailer to post on our YouTube page and QuirkClassics.com
