## BoneMan's Daughters A NOVEL Ted Dekker

In this taut suspense thriller, paths intertwine between a serial killer on the loose called BoneMan and a high-level military intelligence officer captured in Fallujah...

Ryan Evans is married to his work; so much so that his wife and daughter have written him out of their life. Sent to Fallujah to suss out critical Al Qaeda information, he escapes an explosion that vaporized his Humvee and comrades—only to wake up in an insurgent's bunker cell.

His captor, Mustafa Kahlid, loses no time in breaking down Ryan's defenses. Projected in front of his immobile face are images of a gruesome travesty that Ryan can identify with: the lifeless bodies of seven American girls whose bodies have been broken, literally, by the serial killer known in the U.S. as BoneMan.

"Obviously you Americans can't understand the evil that you are inflicting on innocent women and children in our land, so I have provided you with something that you can understand: the torture and death of yours," Kahlid tells Evans.

"You have a choice: kill seven children by breaking their bones here in this cell—or one of our cells in America will kill your wife and child."

In a story that is too horrifying to comprehend—and bears the all-too-real mark of possibility—Ted Dekker brings to bear his ability to terrify and compel in *BONEMAN'S DAUGHTERS*.

**TED DEKKER** is the author of twenty-two novels, with more than 3 million copies of his books sold to date, 1 million of them sold in 2007 alone.
