

"Like Paul Theroux Channeling David Sedaris on a Particularly Good Day..... Fresh and Beguiling." —Kirkus

One Man's Global Pursuit of Happiness

**THE GEOGRAPHY OF BLISS : ONE GRUMP'S SEARCH FOR THE HAPPIEST PLACES IN THE WORLD**

**Eric Weiner**

**"Laugh. Think. Repeat. Repeatedly. If someone told me this book was this good, I wouldn't have believed them." —Po Bronson, author of *What Should I Do With My Life?***

A chronic grump's whirlwind tour of countries that are quietly pursuing the pursuit of happiness, this *New York Times* bestseller is now available in international mass market.

Part foreign affairs discourse, part humor, and part twisted self-help guide, THE GEOGRAPHY OF BLISS takes the reader from America to Iceland to India in search of happiness, or, in the crabby author's case, moments of "un-unhappiness." The book uses a beguiling mixture of travel, psychology, science and humor to investigate not what happiness is, but where it is. Are people in Switzerland happier because it is the most democratic country in the world? Do citizens of Singapore benefit psychologically by having their options limited by the government? Is the King of Bhutan a visionary for his initiative to calculate Gross National Happiness? Why is Asheville, North Carolina so damn happy? With engaging wit and surprising insights, Eric Weiner answers those questions and many others, offering travelers of all moods some interesting new ideas for sunnier destinations and dispositions.
