"A very amusing debut" —Elissa Schappell, *Vanity Fair*

"A charming debut novel....

A fresh, effervescent story that takes run-of-the-mill despair and instability and churns them into a memorable tale of good girls and bad choices." —*USA Today*

In the tradition of Melissa Bank of *The Girl's Guide to Hunting and Fishing*, a brilliant debut now in trade paperback—a Southern girl's journey to the Big Apple and back home again, with all the bumpy milestones in between.

Never chase men or buses. Don't let yourself be seen in a truck in town. These are the simple rules passed down through generations of Camellias, one of the oldest debutante societies in Charleston, South Carolina. Sarah Walters is a member of this antiquated club—whether she likes it or not. The society is a privilege one is born to, and it offers rules of etiquette meant to prepare a girl for a charmed life with an appropriate husband. The only problem is, Sarah has a tendency to make life choices that are anything but polite.

With biting humor and keen perception, Katie Crouch takes Sarah from a sweaty-palmed eighth grader to an older and wiser 35-year-old living in New York City. It takes a strange turn of events to make Sarah realize that as much as she tries to deny it, where she comes from will always affect where she ends up.
