

# The definitive history of the Great Depression is more timely than ever.

**NEW  
FALL 2009  
ADDITION.  
ORDER NOW!**

Illustrated with more than 150 photographs and documents—many of them published here for the first time—**THE GREAT DEPRESSION** stands as the essential chronicle of a decade that shaped America's consciousness and character forever, in an age not unlike our own.

- ◆ Originally published in paperback in 1995 (LB & Co.), this book is more relevant than ever. Interest in the Great Depression is renewed in light of our recent economic collapse.
- ◆ The hardcover was issued as a tie-in to the acclaimed PBS documentary of the same name (LB & Co., 1993).
- ◆ T. H. Watkins is an award-winning writer renowned for his work on Depression-era history.

**"A discerning, information-packed, and emotionally charged survey of America's crucible....The photographs and their long, illuminating captions do a fine job of conveying America's dark night....Heartfelt and wide-ranging, and timely as well, as we continue to grapple with the nurturing sort of government put in place by FDR."**

—Kirkus Reviews
