Life: Remembering Audrey

Editors of Life Magazine, Bob
Willoughby

Born in Belgium and raised in the Netherlands, Audrey Hepburn blossomed into one of the world's loveliest—and most beloved—stars of stage and screen. Celebrated photographer Bob Willoughby was there for it all, providing over 100 of the most personal and touching photographs in this commemorative LIFE book.

She was Gigi, she was Holly Golightly, she was everyone's fair lady. She was also a lover of animals and of children and worked tirelessly throughout her life to protect them. The celebrated photographer Bob Willoughby was always by her side—on Hollywood sets and in the intimate settings of Hepburn's home—and recorded it with his singular lens. Hepburn considered Willoughby a friend, and so there are the tender, unguarded moments, many of them never seen before.

Accompanying his pictures are Willoughby's memories of a woman who transcended this idea of a movie star. Thanks to Bob Willoughby, we can remember this lovely lady in his special, commemorative and very personal LIFE book.
