**THE INVISIBLE TOUCH: THE FOUR KEYS
TO MODERN MARKETING**

Harry Beckwith

This innovative and widely acclaimed business blockbuster appeared on the *Business Week* and *New York Times* business bestsellers lists. Now in paperback.

Service businesses sell something that cannot be seen or heard. They offer an experience—and to make that experience truly exceptional they must first understand people and how to satisfy them. In this indispensable volume, Harry Beckwith provides a treasury of quick, practical, and entertaining strategies. Applying the study of human nature to the real world of business, THE INVISIBLE TOUCH will open your eyes to this crucial branch of marketing with four key concepts:

Price: Its seductive power—from Uma Thurman's Five-Dollar Milk Shake to the Mansion at Turtle Creek.

Brand: The triumph of Red Pepper, Opium, Yahoo!, and the inscrutable A-AI AC Delco Jani Express Cleaning Service 500.

Packaging: Looking at the pretty mousetraps of Disneyland, the ugly Butterfly Effect, and a tale of oranges and heels.

Relationships: A consideration of Jim Marinelli's magic one word, Laura Nyro's folly, the madness of Tom Peters, and further ripples of the Lake Wobegon Effect.

Thorough, informative, and easily implemented, THE INVISIBLE TOUCH shows you how to market a service and, most important, how to keep happy, loyal clients with you forever.
