## ANITA SHREVE

### A CHANGE IN ALTITUDE : A NOVEL

Anita Shreve

"Shreve weaves a strong mix of exotic Africa and interesting characters, producing a potent story that will keep readers thinking about them long after the last page of the novel." —*Newsday*

"Shreve takes readers from Nairobi's lush suburbs to its fetid slums, from the drawing-room world of the white gentry to that of its black servants....*A Change in Altitude* rises a few thousand feet above typical women's fiction." —*USA Today*

The new novel, now in mass market, about the fragility of a young marriage from one of our greatest chroniclers of the mysteries of the human heart.

Margaret and Patrick have been married just a few months when they set off on what they hope will be a great adventure—a year living in Kenya. Margaret quickly realizes there is a great deal she doesn't know about the complex mores of her new home, and about her own husband.

A British couple invites the newlyweds to join on a climbing expedition to Mount Kenya, and they eagerly agree. But during their harrowing ascent, a horrific accident occurs. In the aftermath of the tragedy, Margaret struggles to understand what happened on the mountain and how these events have transformed her and her marriage, perhaps forever.
