BEAT THE REAPER : A NOVEL

Josh Bazell

Praise for BEAT THE REAPER:

“Outrageously funny...BEAT THE REAPER may be the most imaginative debut of the new year.”—*USA TODAY*

“It’s too much fun and too much gore to take your eyes off the page.” —*Washington Post Book World*

A darkly hilarious thriller—a doctor with a past, a secret, and a gun—has 24 hours to save himself and beat the reaper. A blend of Quentin Tarantino's films, *Grey's Anatomy*, and Chuck Palahniuk, this entertaining *New York Times* bestselling thriller is now in international mass market. Foreign rights sold in over 20 countries.

Dr. Peter Brown is an intern at Manhattan’s worst hospital. He has a talent for medicine, a shift from hell, and a past he’d prefer to keep hidden. Pietro Brnwa is a hit man for the mob, with a genius for violence, a well-earned fear of sharks, and an overly close relationship with the Federal Witness Protection Program. Nicholas LoBrutto is Dr. Brown’s new patient, with three months to live and a very strange idea: that Peter Brown and Pietro Brnwa might—just might—be the same person...

As the mob, the government, and death itself descend on the hospital, Dr. Brown must do whatever it takes to keep his patients, himself, and his last shot at redemption alive. To get through the next eight hours— and somehow beat the reaper.
