THE COMING ECONOMIC ARMAGEDDON: WHAT BIBLE PROPHECY WARNS...

Dr. David Jeremiah

"A clear, compelling primer on God's heart for Israel and the dramatic Bible prophecies that will unfold in these last days. What I loved most is that David Jeremiah unashamedly examines and explains the biggest global trends of our day through the Third Lens of Scripture. And his description of Jesus' unconditional love and compassion for Jews and Muslims is alone worth the read!" —Joel C. Rosenberg, *New York Times* best-selling author on *What in the World is Going On?*

New York Times bestselling author David Jeremiah uncovers the Bible's prophetic clues to the world's financial future—prophecies that just might indicate that we are living in the final days of Earth's history.

Never before have we read such jarring headlines, distressing news analyses, or dire predictions concerning the world's financial future. The American housing market—or, more sentimentally, the American dream—began to collapse in 2006, taking with it large chunks of the global financial system. Millions of jobs worldwide have vanished forever. Did Bible prophecy predict this catastrophe? Are there biblical clues to how soon, if ever, a viable, long-term recovery can be sustained? Is the financial collapse just one of several signs that we are living in the final days of Earth's history?

In *THE COMING ECONOMIC ARMAGEDDON*, David Jeremiah says we can know the meaning behind what we see in the daily news—and understand and prepare for living in the New Global Economy.
