*New York Times* bestselling author Michael Walsh plunges readers into a fever-pitched political thriller featuring a top secret U.S. Government counterterrorism operative who's willing to risk anything for his country.

The NSA's most lethal weapon is back. Code-named Devlin, he operates in the darkest recesses of the US government. When international cyber-terrorists allow a deadly and cunning band of radical insurgents to breach the highest levels of national security, Devlin must risk his identity to forge a makeshift alliance. Now two modern warriors must take down an enemy bent on destroying America—an enemy more violent and ruthless than the world has ever known.
