HELL'S CORNER

David Baldacci

"It's his eager, expansive imagination that drives his books...Like other thriller writers, Baldacci depends on a mixture of inventive plotting, appealing characters, luck, and consistency. Unlike others, his books rely more on characters' relationships than whiz-bang technology or procedural twists...What he offers is in some ways more unusual." —*Newsweek on First Family*

"High-stakes action, shadowy government agencies, and [a] neo-Cold War backdrop...Baldacci pushes his plot ahead at such a blistering pace." —*Washington Post on The Whole Truth*

#1 *New York Times* Bestselling author David Baldacci returns with his next blockbuster thriller in International C-Format.

On the night of the State Dinner honoring the Prime Minister of England, Oliver Stone is across from the White House in Lafayette Square. As the Prime Minister's motorcade drives by there is an explosion: a bomb has been detonated, in what looks like a terrorist plot directed at the President and the Prime Minister. In the aftermath, British MI-5 agent Mary Chapman, an experienced, lethal operative with an agenda of her own, is sent to assist and coordinate with American authorities to uncover who was responsible for the bombing. Stone, together with Harry Finn and the rest of the Camel Club, are drawn into the investigation. But everything is not what it appears to be. It seems that the mysterious attackers might have another target in their sights, and if the Camel Club is unable to stop them, the results would be nothing less than catastrophic.
