NINE DRAGONS

Michael Connelly

Praise for Michael Connelly's Harry Bosch novels:

"If at first encounter Connelly seems primarily an exceptionally accomplished writer of crime novels, at closer examination he is also a mordant and knowing chronicler of the world in which crime takes place, i.e., our world....A terrific ride."—*Washington Post*

"If Bosch is our detective, Connelly is our laureate, proving again that popular fiction at its best....is also literature." —*Los Angeles Times*

In the #1 New York Times bestseller Michael Connelly's electrifying new thriller, Detective Harry Bosch's world is turned upside down with one phone call. His usual Sunday morning call to his daughter, who lives with her mother in Hong Kong, is answered by a stranger. Harry learns through the cryptic conversation that he has stumbled into the middle of a kidnapping. His daughter is being held until her mother, Eleanor Wish, can win enough money in the poker rooms of nearby Macau to buy her back.

Bosch drops everything to go to his daughter's rescue and lands in Hong Kong as the already exotic city is celebrating the Festival of Ghosts. Prayer fires burn all over the city creating a surreal backdrop for a life and death investigation. Harry is a fish out of water here but cop work is cop work, no matter where you are. He finds his daughter but also finds that things aren't what they seem to be, even with her.
