**PORTRAIT OF AN ADDICT AS A YOUNG
MAN : A MEMOIR**
Bill Clegg

"Bill Clegg's **PORTRAIT OF AN ADDICT AS A YOUNG MAN** stands up to Frederick Exley's great memoir of alcoholism, *A Fan's Notes*. It is perhaps even higher praise to think of **PORTRAIT OF AN ADDICT AS A YOUNG MAN** as Salinger's *The Catcher in the Rye* on crack. But really, finally, forget the comparisons. Read the book."
—Michael Cunningham, author of *The Hours*

Available in international B-Format. Bill Clegg had a thriving business as a literary agent, representing a growing list of highly acclaimed writers. He had a supportive partner, trusting colleagues, and loving friends. Seemingly out of the blue, he embarked on a two-month crack binge and flung everything away—his home, his money, his career, and very nearly his life.

What is it that makes an exceptional young mind want to disappear? Clegg makes startlingly clear the attraction of the drug that had him in its thrall. In scene after scene he captures the drama, tension, and paranoid nightmare of a secret life—and the exhilarating bliss that came again and again until it was eclipsed almost entirely by doom. He also explores the shape of addiction, how its pattern—not its cause—can be traced to the past. Lyrical, irresistible, harsh, and honest, **PORTRAIT OF AN ADDICT AS A YOUNG MAN** is an utterly compelling, beautifully written narrative from which you simply cannot look away.
