THE EARTH BOOK

Todd Parr

Now in international trade paperback, an eco-friendly picture book from the *New York Times* bestselling author Todd Parr that celebrates our Earth and introduces the youngest of readers to the concept of "going green."

"I take care of the earth because I know I can do little things every day to make a BIG difference..."

With his signature blend of playfulness and sensitivity, Todd Parr explores the important, timely subject of environmental protection and conservation in this eco-friendly picture book. Printed entirely with recycled materials and nontoxic soy inks, this book includes lots of easy, smart ideas on how we can all work together to make the Earth feel good—from planting a tree and using both sides of the paper, to saving energy and reusing old things in new ways.

Best of all, the book includes an interior gatefold with a poster with tips/reminders on how kids can "go green" everyday. Equally whimsical and heartfelt, this sweet homage to our beautiful planet is sure to inspire readers of all ages to do their part in keeping the Earth happy and healthy.
