## ANGEL : A MAXIMUM RIDE NOVEL

James Patterson

**Two flocks = double the fun! In the seventh book in the bestselling series two separate "flocks"—Max's and Fang's—unite to defeat a frightening doomsday cult whose motto is Save the Planet: Kill the Humans. In International B-format.**

In the seventh book in the bestselling series, evil scientists are still trying to convince Max that she needs to save the world, this time by providing the genetic link in speeding up the pace of evolution. Worse, they're trying to convince her that her perfect mate is Dylan, the newest addition to the flock. The problem is that, despite herself, Max is starting to believe it.

Fang travels the country collecting his own gang of evolved humans, but the two separate flocks must unite to defeat a frightening doomsday cult whose motto is "Save the Planet: Kill the Humans." And this time, the true heroine, for once, might just be little Angel.
