The Book of Mortals

Three thrillers. Two Authors.

One last time to save humanity.

The Books of Mortals are three novels, each of which stands on its own, yet all are seamlessly woven into one epic thriller. The journey begins with *FORBIDDEN*. *Mortal* will be published in 2012 and *Sovereign* will be published in 2013.

Fleeing pursuit, with only moments to live, a young man named Rom stumbles into possession of a vial of blood and a cryptic vellum. When consumed, the blood will revive his emotions; when decoded, the message will lead him on a perilous journey that will require him to abandon everything he has ever known and awaken humanity to the transforming power of true life and love. But the blood will also resurrect hatred, ambition, and greed at terrible risk.

Many years have passed since civilization's brush with apocalypse. The world's greatest threats have all been silenced. There is no anger, no hatred, no war. There is only perfect peace...and fear. But a terrible secret has been closely guarded for centuries: every single soul walking the earth, though in appearance totally normal, has long ago been genetically stripped of humanity.

Set in a terrifying future, where grim pageantry masks death, this thrilling tale of passionate love and dark desires from master storytellers Ted Decker and Tosca Lee peels back the layers of the heart for all who dare take the journey.
