## KILL ALEX CROSS JAMES PATTERSON

*Alex Cross gets a Presidential request—  
"Please find my kids!"*

When the President's son and daughter are abducted, Detective Alex Cross is one of first on the scene. But someone very high up is using the FBI, Secret Service, and CIA to keep him far from the center of the case and in the dark.

A deadly contagion in the water supply cripples half of the capital, and Alex discovers that someone may be about to unleash the most devastating attack the United States has ever experience.

As his window for solving both crimes narrows, Alex makes a desperate decision that goes against everything he believes—one that may alter the fate of the entire country. *KILL ALEX CROSS* is faster, more exciting, and more tightly wound than any Alex Cross thriller James Patters has ever written.

*Praise for Alex Cross:*

"I truly believe that James Patterson has an IV hooked up to his writing arm and Great Ideas, Great Plots, and Great Characters dribble constantly into his bloodstream... *I, Alex Cross* stuns." — *TheReviewBroads*
