THE POKERSTARS STRATEGY GUIDE

Nolan Dalla

PokerStars—the largest online poker room in the world—presents the first book on online poker to reveal which techniques really make money, as demonstrated by today's top players.

While dozens of other poker strategy books have been written and published, this unique how to guide reveals—for the first time ever— what techniques really make money in poker, as demonstrated by the players who day in and day out are winning millions of dollars online and are destined to revolutionize how the game is played.

Contributors to this book include former world poker champions, including Chris Moneymaker, Greg "Fossilman" Raymer, Joe Hachem, and current World Series of Poker champion Peter Eastgate. Each player discusses what it was like to win poker's ultimate prize, and they divulge the methods they used to achieve their victories.
