## ROBERT LUDLUM'S (TM) THE BOURNE DOMINION ERIC VAN LUSTBADER

While on a private quest to kill a vicious Colombian drug lord, Bourne is interrupted by Jalal Essai, a defector from Severus Domna, a secret, international cabal working to influence world events for its own power and financial gain. Bourne has tangled with the Domna before and expects the worst.

Now, Essai proposes a partnership to destroy the Domna. Bourne, who always works alone, is suspicious. Yet, Essai promises accurate intelligence and opens with a gift of information: Domna has targeted Bourne for death. The assignment was given to Boris Karpov, the head of Russia's FSB-2 and a longtime friend and ally of Jason's. They've saved each others' lives on more than one occasion, and Boris is one of the most determined, honorable, justice-hungry men Bourne knows. What is Bourne to do now that he knows a knife is about to be thrust into his back—and the man wielding it is someone he'd trust with his life?
