THE HEALING CODE Alexander Loyd, PhD, ND and Ben Johnson, MD, DO, NMD

*6 Minutes to Heal the Source of Any
Health, Success, or Relationship Issue*

THE HEALING CODE promises to restore physical, emotional, and relational balance by activating the body's neuro-immune system. Using the Heart Rate Variability test (HRV), the gold standard for measuring stress in the autonomic nervous system, THE HEALING CODE turbocharges the body's natural defense system to improve function and maintain greater, lasting health.

THE HEALING CODE was self-published in 3/10 and has sold nearly 15,000 copies to date. With limited promotion, mainly online, word-of-mouth and sales began to grow, resulting in increased trade distribution.

Dr. Alex Loyd, a former psychologist and counselor who discovered this healing method during a 12-year stretch to cure his wife's clinical depression, has trained over 65 coaches to guide clients through this simple and natural self-treatment. He speaks approximately 150 times a year and has been featured on television (including a PBS special) and radio programs.

Dr. Ben Johnson was clinical director of the Immune Recovery Clinic in Atlanta, Georgia, for several years. Suffering from ALS (Lou Gehrig's disease), he used the methods in THE HEALING CODE for two months and has been symptom-free for more than seven years. He is the only medical doctor featured in the film *The Secret*.
