THE TWELFTH INSIGHT : THE HOUR OF DECISION

JAMES REDFIELD

THE TWELFTH INSIGHT is an adventure tale, both suspenseful and contemplative, that describes a new wave of religious tolerance and integrity that is now silently arriving, in reaction to watching years of religious warfare and political corruption. 2012 is not about the end of the world; it is about the unifying life of everyday miracles.

A combination of adventure, suspense and spiritual wisdom that has made Redfield's previous Celestine books instant bestsellers, THE TWELFTH INSIGHT describes a new wave of religious tolerance and integrity that is now silently arriving, in reaction to watching years of religious warfare and political corruption. 2012 is not about the end of the world; it is about the unifying life of everyday miracles.

With the economic crash and the worldwide recession, people are searching for a deeper understanding for who we are, what really matters and what connects us to one another and the world we know, and that which we don't. Both fans of Redfield's previous novels and new readers will be drawn to Redfield's spiritual message. THE TWELFTH INSIGHT is sure to become Redfield's next worldwide bestseller.
