THE HOST

Stephenie Meyer

"Stephenie Meyer is an amazing phenomenon—out of the brightness of her mind and spirit comes the illuminated darkness of her stories. For no matter how much pain her characters suffer, Meyer infuses the tales with light and hope."

—Orson Scott Card, bestselling SF author of *Ender's Game*

"A fantastic, inventive, thoughtful, and powerful novel. *THE HOST* should come with a warning label: it will grab you and keep you reading well into the wee hours of night, and keep you thinking, deeply, hauntingly, well after the final word. Stephenie Meyer captures characters and handles story line like a master—a hybrid combination of Stephen King and Isaac Asimov."

—Ridley Pearson, bestselling author

The author of the *Twilight* series of # 1 bestsellers delivers her brilliant first novel for adults: a gripping story of love and betrayal in a future with the fate of humanity at stake.

The earth has been invaded by a species that take over the minds of their human hosts while leaving their bodies intact, and most of humanity has succumbed. Wanderer, the invading "soul" who has been given Melanie Styder's body, didn't expect that the former tenant of her body refuses to relinquish possession of her mind. Melanie fills Wanderer's thoughts with visions of the man Melanie loves — Jared, a human who still lives in hiding. Unable to separate herself from her body's desires, Wanderer yearns for a man she's never met. As outside forces make Wanderer and Melanie unwilling allies, they set off to search for the man they both love.
