## NEW MOON (MEDIA TIE-IN)

Stephenie Meyer

With the film coming to theaters in November 2009, this hotly-anticipated media tie-in edition of NEW MOON will feature art from the upcoming film. Stars Robert Pattinson and Kristen Stewart return as star-crossed lovers Edward and Bella in what will be the biggest film sensation of Fall 2009.

Legions of readers entranced by *Twilight* are hungry for more and they won't be disappointed. In NEW MOON, Stephenie Meyer delivers another irresistible combination of romance and suspense with a supernatural twist. The "star-crossed" lovers theme continues as Bella and Edward find themselves facing new obstacles, including a devastating separation, the mysterious appearance of dangerous wolves roaming the forest in Forks, a terrifying threat of revenge from a female vampire and a deliciously sinister encounter with Italy's reigning royal family of vampires, the Volturi. Passionate, riveting, and full of surprising twists and turns, this vampire love saga is well on its way to literary immortality.
